

# Service Level Agreements:

## Up to 30% off CPD from the School Improvement Provider of the Year

Many schools are currently facing the reality of challenging budgets. As winner of **School Improvement Provider of the Year**, we have developed a new range of accessible support packages designed to help schools like yours receive...

**more** CPD support, for **more** teachers, to impact on **more** pupils, for **less** money.

### So what is a Service Level Agreement (SLA)?

These are flexible bundles, allowing you to control the support your school receives. Through an SLA, you can stretch your CPD budget further, without compromising on quality or outcomes – allowing your staff and pupils to benefit from our experience and impact, whilst maintaining excellent value for money.

Your staff will benefit from our expertise, with training and development made bespoke to their requirements at times when they need it most. Through an SLA from TT Education, you'll receive:

- **High quality training and support from the School Improvement Provider of the Year**
- **Excellent value for money, with savings of up to 30%**
- **Our experience and impact, having worked with over 75,000 teachers and leaders**

### A choice of training, consultancy and support – tailored to your needs

Your SLA package will be tailored to meet the specific needs of your School Development Plan. We will help you to select from a range of support from our expert consultants, including:

- leadership and curriculum training courses
- professional school improvement consultancy
- model lessons
- twilight training
- remote/online support

### Example SLA packages and saving

As a guide, we have put together some example SLAs packages, demonstrating support and value for money:

- **Platinum: 30% saving**
- **Gold: 25% saving**
- **Silver: 20% saving**
- **Bronze: 15% saving**

More information about these SLA packages is available on the following page...
